Inspiring people • Improving places

Integreat Plus invite you to a Learning Lunch that will explore the wider benefits of quality places through a series of presentations by renowned practitioners, followed by a Q&A debate.

A Learning Lunch event exploring the Future of our High Streets and Town Centres. In May this year, Mary Portas was asked to do an independent review examining the future of the high street.

Her report is now just weeks away. What issues are on her radar? What challenges is she likely to put to central and local government, retailers and the public? What kind of high streets and town centres can we expect to see in the future?
